PROFILE

Senior UI/UX Designer with 5+ years across enterprise product design, mobile platforms, and visual craft — from B2B apps with 15K+ users to Samsung-scale design systems. Specialised in research-driven UX, accessibility, and full-spectrum visual identity.

EXPERIENCE

Senior Associate — UI/UX Design
Dec 2023 – Present

Samsung Electronics · Delhi, India

- Designed TVPlus Test Suite — enterprise QA automation platform with drag-drop analytics dashboard, multi-step test scheduling, and AI chatbot; adopted by Samsung's global content operations teams (98.5% accuracy)
- Built Samsung Design System in Figma — 43 components, 10 token categories, Signal & Flame brand system for TVPlus with WCAG-tested color pairings; documented in live Storybook
- Led end-to-end UX for Samsung India R&D Centre's intranet portal and internal LMS; conducted user research, usability testing, and journey mapping across cross-functional and global brand teams

UI/UX Designer
Jun 2022 – Dec 2023

Safex Chemicals India Ltd. · Delhi, India

- Designed Golden Farms — B2B mobile ordering platform for 15K+ agricultural distributors; live on Play Store (4.2★) and App Store (5.0★) with bilingual (Hindi/English) 5-step KYC onboarding
- Designed Safex LMS (500+ employees, 9 courses) and SAP Web Interface for Briar Chemicals (Norwich, UK) — 3 ERP modules, 4 role-gated access levels, ↓70% notification tracking time
- Redesigned 5 Safex group websites with a unified design system; all live
- Produced motion graphics, product packaging, and brand identity for group product launches

Graphic Visualizer
Apr 2021 – Mar 2022

Liberty Shoes Pvt. Ltd. · Delhi, India

- Created brand-aligned illustrations, GIFs, banners, and marketing visuals for digital campaigns
- Drove a 25% boost in engagement through high-impact creatives; managed multiple tracks under tight deadlines

Graphic Designer
Mar 2020 – Jul 2020

Mediamix · Gurugram, India

- Designed social media creatives and managed accounts for multiple brands; built reusable design template library
